

AUTOMATICA

INNOVATION AND SOLUTIONS
 8 – 11 June 2010 | New Munich Trade Fair Centre

4th International Trade Fair for
 Automation and Mechatronics

Please come and see our booth!
KURODA / Hall #B1 / Booth #536

Dear Valued Customers,

Please allow us to take the opportunity to introduce **KURODA's** products at AUTOMATICA from **8th June to 11th** at **New Munich Trade Fair Centre**.

We will exhibit Motion Control Products including Ball screws and Actuators for Automation industries. Please stop by our booth at Booth **#536** in **Hall #B1** if you have any chance to visit to the show.

With best regards,

Hiroshi Kuroda
 President

Kuroda Precision Industries Ltd.

Tickets and Registration to <http://www.automatica-munich.com/en/Home>

BALL SCREWS

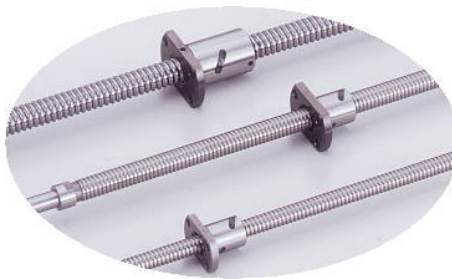

F series

End Deflector – Ultra Quiet
 Shaft dia. : 10 – 25 mm.

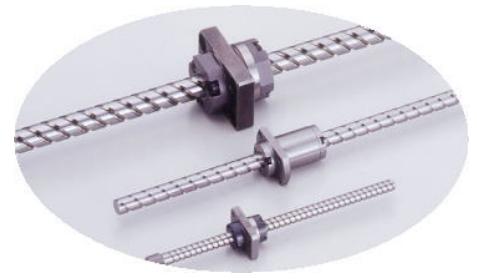

D series

Deflector - Compact Nut
 Shaft dia. : 6 – 14 mm.

H series

End Cap - High Speed Applications
 Shaft dia. : 6 – 32 mm.

BALL SCREW ACTUATORS

SG series

High Rigidity & Accuracy Actuators

SE series

High Rigidity & Compact Actuators

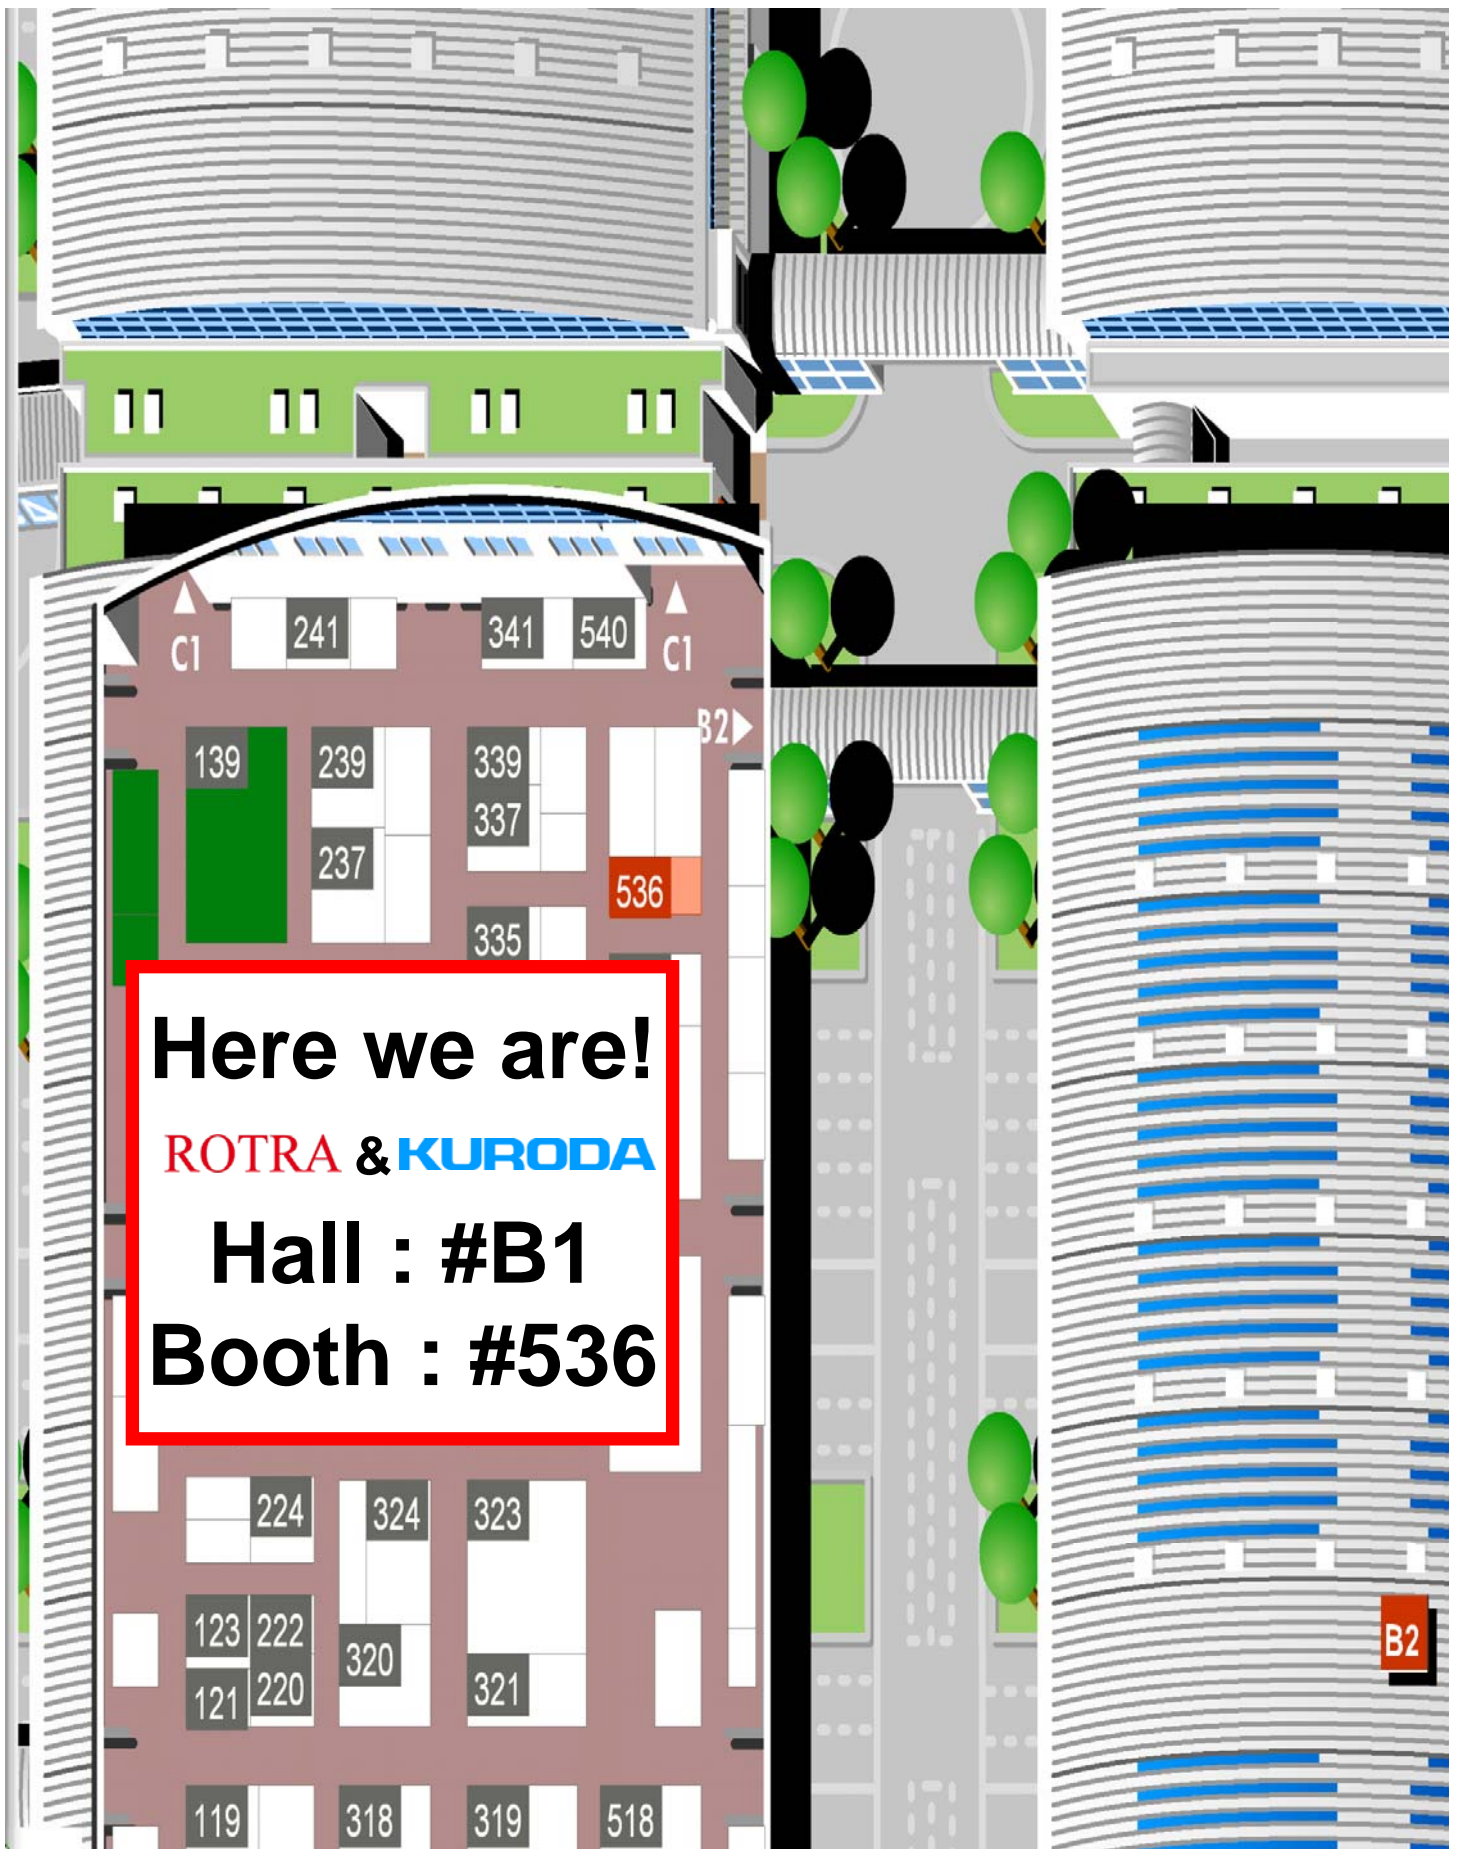

SC series

Improved dust protection Actuators

KURODA has been pioneering the development and marketing of a variety of products since 1925. Combining the technologies of these many product groups has provided **KURODA** the know-how to create some of the most innovative products in the world.

Here we are!
